Many thanks to Scooter Times !**

Yacking with bikers

Tonie was awesome – she had them lining up to sign up for our weekly e-mails – it was a HOOT !

We didn't have many pictures of this event but it was a GREAT time... Jim and I set up the booth and worked together for several hours...then...Tonie showed up and took over. In her sweet simple way she had bikers from all walks of life ... and I mean all ... lining up all day long signing up for our emails (that IS NOT easy to do!)...and we ended up with seven pages of bikers. We handed out cd's and biker safety materials to hundreds of bikers. The cds came compliments of Kathy Valerio – wife of late Benny Valerio, an awesome blues singer and guitar player. What a gifting gone Home.

**All in all a great day, lots of work as usual, but as always, so very worth it.
We love ya, Jesus.**
